

FWB High School Parent Volunteer Information Sheet

The FWB High School Band Parents are a key part of the success of the band. The funds in the annual band budget which the students and parents must raise money for is over \$50,000. We need everyone to help by volunteering time helping with the band and fundraising. Students will raise money for their accounts, which cover their fees and band trips. Parents will raise money for the General Band Account, which covers the over \$50,000 per year required to keep the band running. The money covers costs for items ranging from transportation, instruments, repairs, clinicians and much more.

Student Name: _____

Parent Name: _____
